

Bethel AME Church 'Welcome Song' Performance One Sheet

We are excited to have you remotely perform Bethel's "Welcome song." Here is a guide to recording your video to optimize its display better.

TIPS FOR FILMING

1. If possible, please use a tripod or have someone else assist and hold the phone horizontally. Using the camera on the back of the phone will provide a much better quality video.
2. Pick a clean, solid colored, background.
3. Make sure you are in an environment that is well lit. Have a light in front of you, rather than behind you.
4. Look into the camera.
5. As you're approaching the end of your recording, hold eye contact into the camera for a few seconds before moving your arm to end the recording; this will allow the production team to clip the video cleanly.

TIPS FOR AUDIO

1. Please Do not use headphones to record your video. Sing along with the music provided from your phone or another device while recording.
2. Eliminate all the background noise you possibly can. Keep kids and pets out, close doors and windows, turn off the TV and unrelated music.

SENDING THE FILE

- Once the video is finished, please upload it here: <http://wettransfer.com>
- You can open this link on your phone and upload the video directly from your phone's photo library.
- Email to: t2bentertainment@gmail.com

Here is the File to the song:
